Dr.Coffee F2-H & F2Plus

Dr. Coffee professional commercial coffee machine, suitable for all high-quality, high-efficiency places with limited space. For example, in bakeries, cafes, Western restaurants, hotels, banquets, and office spaces, the F2-H professional commercial coffee machine can easily control the peak moments of coffee.

Intuitive 10-inch touch screen, simple and efficient operation, one-click to make more than thirty types of coffee drinks, can easily achieve the customization and production of exclusive coffee.

500kg grinding long-life ceramic flat burrs grinder, low noise, high-efficiency heat dissipation design, ensures even grinding of coffee beans, which can better bring out the unique taste characteristics of the coffee.

Metal brewing system, compatible with both high-pressure and no-pressure brewing, can be easily disassembled, providing a strong guarantee for the stability and longevity of commercial coffee machines.

Double boiler system with separate boilers for hot water and steam, more effectively reducing the production time of beverages, ensuring the stability of continuous beverage production.

Feature

- Dual Pump System
- Double Boiler System
- Dual Grinding System
- DIY Coffee
- One-Touch Milk Coffee
- Independent Hot Water Wand
- Brewer Quick Detach
- Tap water Supply
- Scheduled Milk Cleaning
- IoT Mobile Payment

Technical sheet

Water Tank Capacity (L)	4
Bean Hopper Capacity (g)	1200*2
Powder Storage Capacity (g)	600/1000
Grounds box capacity (g)	100
Display orientation (Lateral)	10.1"
Rated voltage (V)	220-240
Rated frequency (Hz)	50/60
Rated power (W)	2900
Machine weight (kg)	34
Machine L*W*H (cm)	34*54*83

Capacity

Advised daily output (cups)	300
Hot water hourly output (L)	30
Hourly output (cups)	120
